
Form ST-8 General Information

Must I file Form ST-8?

You must file this return if you sell and deliver new or used tires in Illinois at retail.

What tires are subject to the Tire User Fee?

The Tire User Fee is imposed on new and used tires for vehicles in which persons or property may be transported or drawn upon a highway, as defined in the Illinois Vehicle Code, Section 1-217. The fee also applies to new and used tires for aircraft, special mobile equipment (such as street sweepers, road construction and maintenance machinery), and implements of husbandry (farm wagons and combines).

What tires are excluded from the Tire User Fee and what retail sales are exempt?

Tires excluded from the fee are, generally, those tires that are placed on a vehicle that is not transported or drawn upon a highway, *i.e.*, race cars, fork lifts, all-terrain vehicles, and lawn and garden tractors. Also, reprocessed tires are not subject to the fee. A "reprocessed tire" is a used tire that has been recapped, retreaded, or regrooved **and that has not been placed on a vehicle wheel rim**. However, used tires sold at retail that have not been "reprocessed" are not exempt.

Certain retail sales that are exempt from sales tax may be subject to the Tire User Fee. The following retail sales are exempt: tires sold as a part of a vehicle sale; tires sold through mail order; tires sold at wholesale or for resale; and tires that are not delivered in Illinois.

Purchasers such as government agencies, schools, and charitable organizations who are exempt from paying sales tax are **not** exempt from the Tire User Fee.
